

Climate Change Badge

CHECK OFF WHEN COMPLETED AND WRITE THE DATE

- _____ 1. Complete the Energy Sleuth Game and Online Calculator (<http://www.scouts.ca/dnn/ProgramResources/PackagedResources/ClimateChange/tabid/253/Default.aspx>)
- _____ 2. Earn two of the following badges: Recycling, Home Repair, Cyclist or Family Helper.
- _____ 3. Save energy at home by completing the following checklist:
- Saving Electricity
- I turn the lights off when they are not being used.
- I turn off equipment, like the computer, when it is not being used.
- I encourage my family to turn off the appliances and equipment when they are not in use.
- Saving Hot Water
- I turn off the tap when I am not using the water.
- I take a shower instead of a bath.
- Using Less Heat
- The temperature of our house is 22 degrees Celsius (or less) in the winter and 22 degrees or more in the summer.
- I encourage my family to wear slippers and sweaters in the winter to stay warm instead of turning up the thermostat.
- Use Less Gasoline
- I walked, biked or inline skated to a destination close to my house (corner store, friend's house, school, club meeting, etc.) two times in one month instead of being driven.

I completed my Climate Change Badge requirements on:

(date)
